Enhancing Energy Performance, comprehensively optimizing Energy Use, Energy Consumption and Energy Efficiency, is a major imperative for an Energy Intensive industry like ours. In recognition of this, we focus on improvement of Energy Performance in all areas of operations with thrust on planning Energy Objectives based on the enshrined Guiding Principles.

Guiding Principles:

- 1) To endeavour for reduction in Specific Consumption of Energy in all forms and in all areas of operations.
- 2) To ensure availability of information and necessary resources for achieving Objectives and Targets.
- 3) To comply with all applicable legal, regulatory and other requirements related to energy use, consumption, and efficiency.
- 4) To espouse Energy Efficient Technology encompassing procurement of Energy Efficient products & services and design for Energy Performance improvement.
- 5) To carry out Energy audits and Energy reviews, at planned intervals, to improve energy performance.

COMMITMENT

We affirm our commitment to continually improve our Energy Performance and strive for achieving the objectives and targets.
